

Transcript of an e-mail from James, former client and current volunteer  
Sent August 2020.

I think it's wonderful... it keeps me busy it gives me opportunity helps me socialize and I would recommend Hinchinbrook Farm to any and all of those in need of sense of connection to the community and Society cuz it gives them hope, gives them a sense of purpose so that they feel accomplishment especially for those who enjoy helping others but at the same time it helps them help themselves on how they feel about themselves.

- James (former client, current teen volunteer)

Going to Hinchinbrook as a kid, I always had a lot of fun. Coming back years later, I can clearly see that the farm has not changed in that respect. Hinchinbrook was always a very calming experience for me, and the kids I work with think so too.
